

STANDARD 100 by OEKO-TEX® RANGE

Always guided by the will to **protect the well-being & safety** of users around the World, **MAPA PROFESSIONAL** certifies its products with the **STANDARD 100 by OEKO-TEX®**

What is the STANDARD 100 by OEKO-TEX[®] certification ?

Oeko-Tex[®] is an international **independent** association which certifies that **every component** of a **textile product** complies with **strict criteria of quality controls** applicable and **standardised** in **every country** around the **World**.

The **STANDARD 100** by OEKO-TEX[®] certificate guarantees that any textile bearing the label has been found **free from over 300 harmful substances**. Tests are conducted by **neutral** and independent **institutes** and every label issued contains a **unique and specific identification number**.

MAPA Professional is committed to **protect** the **health and safety** of **users** at their workplace. Providing comfortable solutions with the **highest security level** for our products is a **key part** of our CSR policy.

moderate risk / cut protection C

high risk / cut protection D

PRODUCT SPECIFICATIONS

Product Name	Picture	Standards		Technical features		
		EN 388	Other			
Ultrane Handling Protection	551		4131X	Seamless textile support, Polyurethane coating on palm & fingers		
	550		4131X			
	510		4131X			
	544		4131X	 ESD EN16350	Seamless textile support with conductive fibres Conductive foam nitrile	
	541		4131X	 EN407: 2004 X1XXXX	Seamless textile support, Reinforced grip, Nitrile foam sandy	
	641		4131X			
	527		31X1A	 EN407: 2020 X1XXXX	Seamless textile support with unique Patent Pending MAPA PROFESSIONAL TECHNOLOGY, Nitrile foam sandy	
	500		4121X	 ISO 18889 GR EN407: 2020 X1XXXX	Palm & Finger coated	
	525		4121X		Seamless textile support GRIP&PROOF coating	¾ coated
	526		4121X		Full coated	
Krytech Cut Protection	588		4343B		Seamless textile support with HDPE fibres, Nitrile sandy	
	601		1X4XC		Seamless textile support with HDPE fibres	
	610 / 810		4X43C		Seamless textile support with HDPE fibres Polyurethane coating on palm & fingers	
	615 / 815		4X43D			
	622		4X43E			
	642		4X42B	 EN407: 2020 X1XXXX	Seamless knitted textile support in composite & HDPE fibres with knitted wrist, Foam nitrile coating with sandy finish on palm & fingers	
	643		4X42C			
	644		4X43D			
	645		4X43E			
	580		4342B			 ISO 18889 GR EN407: 2004 X1XXXX
	599		4342B	Seamless textile support from HDPE fibres, GRIP&PROOF coating	¾ nitrile coated	
	600		4342B	Nitrile full coated		
	585		4X42C	Seamless textile support from HDPE fibres, GRIP&PROOF coating	Nitrile Palm & Finger coated	
582		4X43D		¾ nitrile coated		
Krytech Sleeves Cut Protection	532		334XB		Seamless textile support from HDPE fibres, Selfgripping closure system & thumbslot	
	532 S		334XB		Seamless textile support from HDPE fibres	
	602		3X42C		Seamless textile support from HDPE fibres, Selfgripping closure system & thumbslot	
	603		3X42C		Seamless textile support from HDPE fibres & composite, Selfgripping closure system & thumbslot	
	538		4X4XD
